

H8603/1

3.6 tonne short platform electro-hydraulic recessed scissor lift

Hydraulic synchronised platforms
Low voltage control system
Full access to sides, front and rear of vehicle

Low ground clearance means you can lift very low skirted vehicles
Includes platform extensions

BRADBURY

EQUIPMENT

H8603/1

3.6 tonne short platform electro-hydraulic recessed scissor lift

Technical data

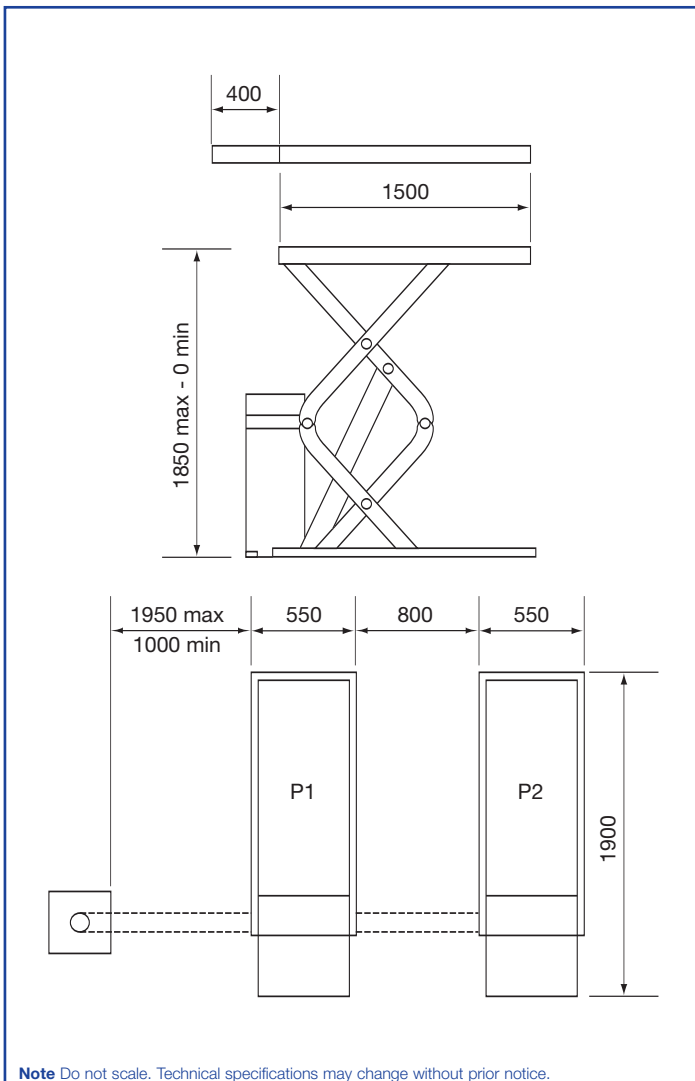

Operation	Electro-hydraulic
Platform height	120mm
Lifting capacity	3600Kg
Maximum Lifting height	1850mm
Motor	3 phase 230/400V, 50Hz, 3.0kW
Pneumatic feed	4-8 bar filtered/lubricated
Concrete	35N/mm ² strength 150mm minimum thickness Single continuous slab
Options	Hose and cable extension kit

Safety features

Safety valves incase of hydraulic failure and overload
Mechanical safety device
Ratchet safety mechanism engages each time the lift stops throughout the lifting height of 1850mm
Control panel allows precise lifting
Reflector/light beam sensor ensures platform remains level during lift sequence

Secondary features

Low voltage controls
Hydraulic platforms synchronisation
Complete with lifting blocks
Low voltage controls
Hydraulic platforms synchronisation
Unhindered door opening, giving full access to vehicle interior

Other products in Bradbury's quality range
